Enodah Wilderness Travel Ltd.

Trout Rock Wilderness Lodge is a premier fly-in American plan fishing/eco lodge on Great Slave Lake - rated as the number one trophy pike fishing lodge in the world. It is also the hot spot for aurora borealis viewing and photography. Trout Rock Wilderness Lodge is located on an island in the north arm of Great Slave Lake, far away from city lights, traffic and noise. The lodge is only accessible by skiplane, snowmobile and of course, our famous "Aurora Express." The lodge location and the design have proven to be a successful combination and we also offer excellent snowmobile and ice fishing tours.
